

PLUSH 312

Vertical Fiber and Innerspring Sleeper Mattress

High-end residential and hospitality mattress.

Plush 312 is a high-end mattress designed for high-traffic residential and hospitality. It features a 312 Bonnell innerspring unit with vertical fiber top pad and laminated top, bottom, and border ticking to help prevent dust and allergens from getting inside. The bottom ticking of Plush 312 has also been upgraded for enhanced durability in those high-traffic applications.
