

EasyCliner®+

3380 (Manual) • 3380 (Power)

Wood-to-the-Floor mechanism

3380 (Manual)

Take it easy! – High-leg (5") wood-to-the-floor recliner mechanism.

The EasyCliner®+ is the newest generation of the SuperCliner family of motion furniture mechanisms. Go beyond the standard reclining experience.

Unveiling the latest wood-to-the-floor product innovation from Leggett & Platt, the EasyCliner®+.

This outstanding motion furniture mechanism has been designed to offer maximum comfort and quality – things your customers have come to expect from Leggett & Platt furniture components.

The incredible extended layout in Full-Recline and the ability to incorporate four different applications into one are just a couple of the quality features that the EasyCliner has to offer.

Attributes include:

- Fingertip controls for simple operation
- Effortless motion for EZ operation by all ages
- Easy push-back to Full-Recline Position
