

High-Style

Three-way mechanism

Motorized mechanism

Two-way mechanism

High-leg styling – exceptional performance

Key Features & Benefits

- Available sizes for small, medium, and large chairs
- Opens smoothly with a push on the arm and closes easily with simple leg pressure
- Rail mounting allows for the ultimate in high-leg design
- Compact chassis is designed to operate in a wide range of chair sizes
- A balanced recliner mechanism with optimum reclining performance for high-leg chairs
- Improved linkage design keeps Ottoman closed tightly
- Excellent footrest pitch and support
- Safety Ottoman brackets meet C.P.S.C. voluntary safety standards with an articulated, elevated bracket optional
- Back-stabilizing bracket stabilizes back in closed position
- Back-tension adjustment allows back pressure to be adjusted to fit the occupant's desired comfort
- Engineered bushings at all pivot points for smooth operation and long life
- Counterbalanced recline for ease of operation and infinite full recline positions
- Positive stops maintain a tight back and Ottoman in the closed, TV, and full-recline positions
- Long Life™ mechanism has been field-tested and proven by L&P's testing facility
